Reservation is binding

Once you have agreed to the booking conditions and the booking has been confirmed by Villa Xenia, the booking is also final. This means that the booking is binding from the moment you agree. If you still want to cancel afterwards, the cancellation conditions apply.

Responsibility

During the stay, the tenant is liable for the house, the furnishings and all matters that belong to Villa Xenia. We cannot accept any liability or responsibility for damage and inconveniences in any form and for whatever cause, for the tenant and others who are in or near Villa Xenia.

The descriptions on the website have been compiled with the utmost care. However, we are not liable for inconveniences arising from interim changes in situations beyond the fault and / or knowledge of Villa Xenia.

If Villa Xenia is forced to cancel the reservation through no fault of its own for any other reason, we will refund the rent already paid, without any right to additional compensation.

Smoking

It is forbidden to smoke in and around our house. Villa Xenia is a non-smoking home.

Swimming pool

We have an infinity pool. The dimensions are 3 x 6 meters. Depth approx. 2 meters. The pool is not fenced so only accessible for people who can swim and not suitable for small children.

Travel documents

About two weeks before departure, if the full travel sum is in our possession, you will receive the travel documents by email. This includes directions to Villa Xenia and practical information about arrival and keys.

Tourist tax and environmental tax

The tourist tax is included in the price. For the tourist tax we do need the passport numbers of all persons.

Since January 1, 2024, the Greek government has also introduced an environmental tax. This amounts to 10 euros per accommodation per night. We must charge and pay this separately.

Water

It sometimes happens that the water supply stagnates for several hours in Crete. For those cases, additional water tanks with a total capacity of 1500 litres have been installed on the roof of our house, which will operate automatically. Water is scarce in Crete. Be careful with water, do not waste it.
